Jal Jeevan Mission – Survey

Department of social work, Ideal college for advanced studies in association with Tavanur Panchayat and Jal Jeevan Mission conducted a baseline survey in order to ensure and provide safe and adequate drinking water through individual Functional Household Tap Connections (FHTCs) by 2024 to all households in rural India. Jal Jeevan Mission, is envisioned to provide safe and adequate drinking water through individual household tap connections by 2024 to all households in rural India. The programme will also implement source sustainability measures as mandatory elements, such as recharge and reuse through grey water management, water conservation, rain water harvesting. The Jal Jeevan Mission will be based on a community approach to water and will include extensive Information, Education and communication as a key component of the mission. JJM looks to create a Jan Andolan for water, thereby making it everyone's priority.

An orientation on Jal Jeevan mission and base line survey was organised in the college seminar hall at 10 AM on 8th June, 2022. Amrutha.V and Reshma.P project coordinators of Jal Jeevan mission handled the session and this session helped the trainees to get a clear idea on Jal Jeevan mission and how to conduct the baseline survey.
